

# Building Relationships and Developing People

**TWO-DAY CONFERENCE  
IN PARTNERSHIP WITH THE INTERNATIONAL SCHOOL OF LONDON, QATAR  
JANUARY 7 – 8, 2016 8 AM TO 3 PM**

[www.islqatar.org](http://www.islqatar.org)

**Participants will:**

- explore emotional intelligence and cultural intelligence and identify strategies that maximize performance when interacting with teachers, students and parents in diverse school communities
- understand the importance of building relational trust in building a learning community through authentic leadership
- develop an understanding of a professional learning community as a structure that develops collaboration, improves instruction, increases student achievement and builds school and organizational capacity
- explore strategies to build professional capital and collective efficacy to increase motivation and increase student achievement
- identify how to develop instructional and intercultural school capacity with teachers, students and parents
- understand the impact of collaborative learning communities and networked learning communities to build lateral capacity with other schools and systems and
- enrich an understanding of clear communication, effective problem solving and meaningful meetings to increase focus and attainment of student achievement.

Space is limited so register Today!

**Registration Fee: \$540 CAD** (includes lunches and snacks)  
**Registration Deadline: December 4, 2015**
